Manufacturer : Tenacious Holdings, Inc

Durable, Flexible, Non-slip, Scratch Resistant, Perspiration Resistant, Comfortable - Ultraviolet Protection - Polycarbonate Lens, Nylon Frame, Polycarbonate Temple, Rubber Nose Pad - Black, Smoke - 1 Each

Half-frame, "blade-style" safety glasses provide an excellent level of eye protection for enhanced safety at the workplace. Scratch-resistant lenses filter 99.9 percent of harmful UVA, UVB and UVC rays for safe, outdoor use. Flexible nylon frame and strong polycarbonate temple construction provide increased durability. Nonslip, rubber temple components and nose pads keep these glasses in a comfortable position and resist perspiration. Integrated temple accessory receptors also improve airflow when not in use. For a more secure fit, the temples can be attached to an elastic retainer strap (sold separately). Glasses are tested to ANSI Z87.1+ High Velocity Impact Protection and optical requirements. Glasses are also tested to MIL-PRF-32432 Ballistic Fragmentation, Class 1.

Additional Item Details

Item Number: EGO52030

Brand Name: Ergodyne

Product Type: Safety Glasses

Product Line: Skullerz

Product Series: PDS

Country of Origin: Taiwan

UNSPSC: 46181802

Assembly Required: No

Recycled Product: No

Post Consumer Material: 0%

Recycled: 25%

General Information

Manufacturer: Tenacious Holdings, Inc

Manufacturer Part Number: 52030
