LA049 “Dexi-Task” Series of Disposable Gloves

LA049

Product Description:

LA049 “Dexi-Task” is a series of disposable gloves made of a Nitrile material. Nitrile does not contain any proteins that may cause allergies. In addition to that, Nitrile also provides more puncture resistance than other disposable gloves materials. This series offers excellent dexterity and sensitivity. It is also available in both slightly powdered or powder free gloves. “Dexi-Task” LA049 series is ideal for general industrial inspection, laboratory work, food processing and sanitation applications.
