US Standard: ANSI/ISEA 105-2011 American National Standard for Hand Protection Selection Criteria		
Test Method	Clause	ANSI Level
Cut Resistance	-	4

SERVICE LIFE

The service life of this product will vary depending on the application and type of care administered. This product should be replaced immediately once a critical or major defect as defined below is noted.

Critical Defects

Holes/tears

Major Defects

Dimensional or weight nonconformance, discoloration, other fabric defects

LAUNDERING GUIDELINES

For best results, leather gloves should be dry cleaned

GENERAL INFORMATION

CAUTION – This product is cut resistant, not cut proof. Do not use near moving or serrated blades. It is possible for gloves to meet the necessary puncture resistant requirements without providing adequate protection against sharply pointed objects such as hypodermic needles. Use caution when selecting.

Originator

Scott Daigle
