FEATURES & BENEFITS

- Heavyweight XKS™ blend, 7-gauge machine knit with reinforced thumb crotch produces unparalleled protection for heavy duty applications requiring the handling of sheet metal, glass or any material with sharp and jagged edges
- Features a revolutionary new yarn - XKS™ - manufactured exclusively by Magid, using a unique combination of stainless steel wire, Kevlar® and high performance fiber to deliver a new standard in cut resistant hand protection
- Seamless, form-fitting design and lightweight construction enhances comfort and dexterity
- Standard reinforced thumb crotch provides additional protection and extends wear
- Offers as much as two-and-a-half times greater cut protection than gloves made from 100% aramid or HPPE yarn of a similar weight
- Dark color hides dirt and grime reducing the rate of disposal or laundering required
- Delivers superb durability in the wash and in the field to extend wear up to two to three times longer than gloves made from other cut resistant materials
- Reversible design and color coded labels and wristbands simplify style and size identification, prevent unraveling and allow for ease in sorting after laundering
- Low-linting properties minimizes potential product contamination
- ANSI Cut Level 4

APPLICATIONS

Automotive manufacturing, household appliance assembly, aerospace manufacturing, paper production, handling of sheet metal and glass fabrication.
