Cuff/Finish	Color-coded overedge: light blue (7), red (9), black (10), yellow (11)
Unit of Measure	Dozen
Packaging	Dozen Pairs per Inner Pack, 10 Inner Packs Per Case
FEATURES & BENEFITS	
• Heavyweight, loops out terrycloth XKS™ blend with reinforced thumb crotch make this cut protection champion the ideal choice for metal stamping or any extreme application that requires an unsurpassed level of durability, wear, and performance • Features a revolutionary new yarn - XKS™ - manufactured exclusively by Magid, using a unique combination of stainless steel wire, Kevlar® and high performance fiber to deliver a new standard in cut resistant hand protection • Seamless, form-fitting design and lightweight construction enhances comfort and dexterity • Standard reinforced thumb crotch provides additional protection and extends wear • Offers as much as two-and-a-half times greater cut protection than gloves made from 100% aramid or HPPE yarn of a similar weight • Dark color hides dirt and grime reducing the rate of disposal or laundering required • Delivers superb durability in the wash and in the field to extend wear up to two to three times longer than gloves made from other cut resistant materials • Color coded labels and wristbands simplify style and size identification, prevent unraveling and allow for ease in sorting after laundering • ANSI Cut Level 4	

APPLICATIONS				
Automotive manufacturing, metal fabrication, household appliance assembly, aerospace manufacturing and glass fabrication.				
AVAILABLE STYLES				
Size	7	9	10	11
Item Number	XKS4507	XKS4509	XKS45010	XKS45011
FUNCTIONAL PERFORMANCE				
US Standard: ANSI/ISEA 105-2011 American National Standard for Hand Protection Selection Criteria				
Test Method			Clause	ANSI Level
ASTM F-1790-97 Cut Resistant			-	4
ASTM D3389-05 Abrasion Resistance (Using H-18 wheel with a 1000 gram load)			-	4
SERVICE LIFE				
The service life of this product will vary depending on the application and type of care administered. This product should be replaced immediately once a critical or major defect (as defined below) is noted.				
Critical Defects	Holes/tears			
Major Defects	Dimensional or weight nonconformance, discoloration, other fabric defects			
LAUNDERING GUIDELINES				
In the absence of major or critical defects, CutMaster® XKS™ Gloves may be laundered to extend their use. It is recommended that these gloves be machine washed. The water temperature should not exceed 50°C/120°F. The gloves may be tumbled dry on low temperature.				
GENERAL INFORMATION				
CAUTION – This product is cut and puncture resistant, not cut and puncture proof. Do not use near moving or serrated blades.				

Originator	Lisa Bucki	Date	11/05/2008
